DIPLOMATES
AMERICAN BOARD OF UROLOGY

Disclosure of Financial Interest and Patient Bill of Rights, Advance Directive Notice

“disclosure of the referring practitioner’s significant beneficial interest in the practice or facility is made to the patient in writing, at or prior to the time that the referral is made, consistent with the provisions of section 3 of P.L. 1989, c. 19 (C.45:9-22.6).”

Public law of the State of New Jersey and rules of the board of Medical Examiners mandates that a physician, podiatrist and all other licensees of the Board of Medical Examiner inform patients of any significant beneficial interest held in a health care service.

Accordingly, take notice that practitioners in this office do have significant beneficial interest in the following health care service(s) to which patients are referred:

Same Day Surgery Center of Central Jersey, LLC
225 May Street, Unit C
Edison, NJ 08837

New Jersey Kidney Stone Center, LLC
220 Park Avenue
Manalapan, NJ 07726

This basically means that the doctor is an owner/partner in the surgery center/service you are being referred to, and you may, of course, seek treatment at a healthcare service provider of your own choice. A listing of alternative health care service providers can be found in the classified section of your telephone directory under the appropriate heading.

I have discussed with my physician or his/her representative the health care service that he or she will provide to me in connection with my treatment and I understand the services or facility fees associated with my referral to the above named facility.

Additional CMS (Medicare) Requirements

I hereby acknowledge that I have been informed of my “Patient’s Rights”, “Advance Directives”, and “Ownership Disclosure” prior to the date of services by above named providers.
